Applications/limitations

- None

Terms and conditions for the certificate

1. This certificate will become invalid as soon as the referenced ISO 9001 quality system certificate becomes invalid
2. The system approval is only valid for the equipment listed, and for similar equipment employing equivalent design and manufacturing processes and principles. For other equipment, an application for extension of the certificate must be sent to DNV GL Business Assurance B.V.
3. DNV GL has to be informed in advance of any subcontracted activities
4. The manufacturer shall inform DNV-GL of the intended schedule of production for pressure equipment covered by this certificate
5. Periodical audits and unexpected visits will be held, in order to verify that the manufacturer and his subcontractor duly fulfil the obligations arising out of the approved quality system
6. The Manufacturer must give information of any intended adjustments of the Quality System to DNV GL Business Assurance B.V., who will assess the changes and decide if the certificate remains valid
7. Manufacturer shall keep an up-to-date log of all manufactured pressure equipment with CE-marking according Directive 2014/68/EU, which will be traceable to the equipment
8. The manufacturer complies with the Council Directive 2014/68/EU on Pressure Equipment and is allowed to affix the CE Mark followed by the DNV GL identification number 2388.
